Southwark SOS is an open alliance of local trade unionists, workers, community groups, students, service users, family members — everyone and anyone who opposes job losses, attacks on working conditions and service cuts, national or local. Our organising meetings are open to all and we welcome representatives of groups, and individuals. We welcome disabled people, claimants, people from minority and oppressed groups. We will work with all who want to fight the austerity measures. We want to unite people already campaigning to save services, across Southwark and, where necessary, outside the borough.

We urgently need people who can offer their skills to help our campaigns — contacting supporters, or helping to publicise our protests, deputations and demonstrations etc. Please get in touch via southwarksos@gmail.com or Southwark SOS on Facebook.
